A SHIP BUILT AROUND OUR GUESTS.

Our idea of luxury appears to be very different than others in river cruising. It's not about an ornate appearance. It's not about gimmicks or marketing spins. It's about comfort and space and warmth. Genuine, sophisticated luxury should enhance the guest experience.

It's not about what matters to us, it's what's meaningful to our guests.

PEOPLE

THEY CALL THEM:
**UNIQUE, ONE-OF-A-KIND,
EXTRAORDINARY, UNCONVENTIONAL.**
WE CALL THEM THE SUITE SHIPS.[®]

The Suite Ships[®] of Avalon are revolutionizing the river cruise industry. Every aspect of these spectacular ships has been designed to deliver an extraordinary experience – from our spacious Panorama SuitesSM to the biggest windows in river cruising, to our one-of-a-kind Open-Air Balcony[®]. We've created ships that are the most distinct in river cruising.

PANORAMA SUITES.SM TRAVELLERS LOVE THEM AND THEY'RE EXCLUSIVE TO AVALON.

We brought an unprecedented level of thoughtfulness and attention to detail to every aspect of our Panorama Suites,SM far beyond any other stateroom in river cruising. Then we filled our ships with them – 80% of the staterooms on our Suite Ships[®] are Panorama Suites. And they're 30% larger than the standard river cruise stateroom.

AN AMAZING THING HAPPENS
WHEN YOU TEAR DOWN WALLS
AND PUT UP WINDOWS.

Guests seem to like their cruise a whole lot more, that's what happens. Because they're not on vacation to look at walls. They want to see castles, towns and beautiful landscapes outside their window. That's why we've created the biggest windows in all of river cruising – 30% bigger than the standard window.

IS IT A STATEROOM
THAT FEELS LIKE A BALCONY?
OR A BALCONY THAT FEELS
LIKE A STATEROOM?

Yes. Because our unique Open-Air Balcony® is actually part of the stateroom. And our stateroom is actually part of our balcony. It's a new idea in ship balconies, and only Avalon has it. We call it the Open-Air Balcony and it's been designed to give guests more space inside their room. And our giant wall-to-wall, floor-to-ceiling windows bring the outside in.

YOU DON'T HAVE TO COMPROMISE ON LUXURIOUS DETAILS ANYWHERE ON OUR SHIP. AND WE MEAN ANYWHERE.

Throw out any preconceived notion you have of a small, cramped ship bathroom, and take a look at an Avalon bathroom. First we made them spacious. Then we made them luxurious. We've enlarged our shower. We've included marble countertops, premium fixtures, floor-to-ceiling granite tiles, L'Occitane® bath products and a feeling of elegance throughout. It's a bathroom that could be in a luxury hotel...now available on a ship.

MORE SPACE TO SIMPLY ENJOY.

We've created every part of our Suite Ships® to be special. Unique design. Huge windows. Luxurious bath products. We thought of the smallest, and the biggest details. Perhaps it's what we haven't done that makes them truly special. We haven't crammed them full of people like some other cruise lines. In fact, because we made our rooms so spacious, there are fewer people on board. Which makes the experience even better.

INSPIRED DESIGN MEETS INSPIRED INCLUSIONS.

Our very design is different because it was inspired by cruisers and their desire for more inviting space, bigger views, and luxury that matters to them. At Avalon, we put our guests' experience at the heart of every decision we make — from our flexible dining options that allow guests to choose where and when they'd like to eat, to our unique Local FavoritesSM designed to bring every destination to life. We're busy figuring out how to give more in every aspect of the cruise, including:

.....

- Sumptuous onboard dining
- Sparkling wine with breakfast
- Regional wines & beer with every onboard dinner
- High-quality cappuccinos, lattes and teas available throughout the day

Plus, we're proud to offer Avalon Choice,[®] an exciting concept in river cruising that gives guests the freedom to personalize their cruise from beginning to end.

A WORLD OF DIFFERENCE.

WE'RE JUST *Built* DIFFERENTLY

Avalon Waterways sails beyond Europe to some of the most captivating waterways of Asia and South America. We are particularly excited to introduce two new Suite Ships® on the Mekong and our newest destination, the alluring Irrawaddy River.

Both the Avalon Siem Reap and the Avalon Myanmar were built by local craftsmen and have a maximum of only 36 guests. All staterooms are a spacious 245 square feet with an Open-Air Balcony® featuring a wall-to-wall panoramic window with a sliding glass door.

Our innovative, small ship design allows Avalon to sail all the way from Ho Chi Minh City to Siem Reap, as well as navigate the most stunning stretches of the Irrawaddy and dock in small villages along the way. Because they can navigate where others can't, our guests can stay on board, enjoying their cruise, while other cruise lines require passengers to take numerous land transfers. The small group size also enables more unique and intimate cultural experiences. Our small ships mean a bigger experience.
